MACHU PICCHU LUNA TOURS

Three South Valley churches

This guide covers the three rural stops on the Andean Baroque Route. The fourth church on the full route is La Compañía de Jesús, on Cusco’s Plaza de Armas.

Open the route in Google Maps

01 · Andahuaylillas

What detail helps you tell the two paths apart?

02 · Huaro

Which gesture or figure helps you understand what is happening?

03 · Canincunca

What shape keeps returning, and how is it arranged?

Compare your three notes

Write down a choice in Andahuaylillas, a gesture in Huaro and a pattern in Canincunca. Then compare how each interior guides the eye: along a path, towards a figure or through a repeating shape.

Planning your visit

Check access to the interiors before leaving. Follow staff instructions during services. Ask before taking photographs and avoid touching painted surfaces.
